Zoom is one of the best and most popular video conferencing platforms out there. It's used to host one-on-one or group meetings as well as webinars. However, it's not the only one of its kind, as...

### 2. Social Media platform:-

The use of social media in education provides students with the ability to get more useful information, to connect with learning groups and other educational systems that make education convenient. Social network tools afford students and institutions with multiple opportunities to improve learning methods.

### 3. Power point presentation:-

Teachers can use PowerPoint to teach subjects lessons and chapters of any book. They can create or delegate to produce a complete presentation of a book. It gives the opportunity to the teacher to cover a topic in the different slides. And in each slide, they can manage, highlight, mention, and teach important points that are essential to cover on that topic. On the contrary, students can create their own presentations for self-learning or can create for teachers to show them. Students can create it for various school programs and speeches.

### 4. NPTEL/Mooc Resources:-

NPTEL provides E-learning through online Web and Video courses various streams. NPTEL is a joint initiative from IITs and IISc to offer online courses & certification. Learn for free, Pay a small fee for exam and get a certificate.

One of the basic objectives of NPTEL is to bring all the best teachers in the country under the umbrella of NPTEL and to collaborate with IITs and IISc to record the lecture and make their courses available to the communities of the country under the agreement of the free and open source.

### 5. Projector/ computer:-

Projectors enable teachers to create bulleted PowerPoint presentations or other highly organized notes for the class. With the use of projectors in the classroom, students can take better notes with the ability to discern what information the teacher displays is most useful to them. Additionally, students can ask the teacher to repeat a slide if they missed information, or even ask that the teacher to email the presentation for further review
