

7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words. (20)

Response:

Notable improvement in course outcomes of SC/ST & OBC students.

Karnataka People's Education Society's

Siddharth Arts & Commerce was established on the Principles of Dr.Ambedkar's "People Education Society of Aurangabad" in (1946). This institution was established in 1991 by Shri. Mallikarjun Khargeji and Shri Marutirao. D. Maley who are the Founder chairman and General Secretary of the K.P.E Society Kalaburagi. Most of the by laws of our society are borrowed from the People Education Society Aurangabad established by Baba Saheb Ambedkar. The foremost aim and objectives of the institution are to impart quality education to all students in general and students belonging to disadvantaged community of the society in particular. This is highlighted in vision statement of the institution.

Since the institution is modeled on Babasab's People's Education Society priority in admission is given to under privileged sections of the society. Most of the students of the institution are from SC/ST & OBC.

The percentage of the students at their qualifying degree is usually poor. But the performance of the same students at their degree level is significant. The following table shows the performance of our students at entry level and outgoing level.
